the other for regular bullevins. Both instruments, an operator at each, were placed in the library, while in the adjoining dining room, a Western Union operator received the bulletins fur-nished by that company. It had been understood among the friends of the Democratic candidate that he was to be left alone on election night, and gathered at the little D. street residence. After supper Mr. Bryan put on a velvet house jacket and went up stairs to the private office he had established since his nomination. Mrs. Bryan remained with him there dur-ing the evening, husband and wife re-ceiving the bulletins fresh from the wire and reading and comparing them together. Mr. Schwins, the candidate's secretary, and a dozen newspa-per men occupied the library. Jones Says He's Elected-The Chairmi Gives Out An Explicit Statement. CHICAGO, Ill., Nov. 4.-Senator Jones issued the following statement to-

night:
"I have counted from the beginning as the States upon which we rened for Mr. Bryan's election, the Southern States, with 156 votes, and the States west of the Missouri, with 61 votes, making a total of 217. I have hoped that we would carry Indiana, Michigan and Minnesota. I believe that we have carried all of the Southern States except Maryland, and that we have carried all of the Western States heretafore counted on which leaves us not tofore counted on, which leaves us, not counting Delaware, which I think we have carried, and which I have not heretofore calculated on 200 votes One vote we certainly have in Delaware, and probably three. But count-ing only one vote, which we have be-yond doubt, it leaves necessary to a choice fourteen votes. Ether Michigan or Indiana would give us those fourteen votes. The reports received by us from both those States make encouragement and lead us to believe that while both States are close, that we have the better chance to win each

and that we may probably carry both.
"There can be scarcely a doubt of our getting Indiana. Under these circumstances, it seems to me, that we are entirely justified in claiming the election of Mr. Bryan, which I do, and be-lieve that the temper of the people is such that they will not allow their choice to be defeated by tricks and frauds. The statements made in city papers today that I have given up the contest and admitted Mr. I ryan is depressions in the minds of the people and to lead them to believe that Mc-Kinley's election is accomplished and acquiesced in.
"I have not, for a moment, acquiesced

in Mr. McKinley's election, and will not until there is a material change rom existing conditions. "As I believe, Indiana and probably
